DRIVEWAY PERMIT APPLICATION

NAME _____ **DATE** _____

ADDRESS _____ **CITY** _____

PHONE _____

DRIVEWAY LOCATION:

Road Name _____ Ave/Road Length of Driveway _____ feet

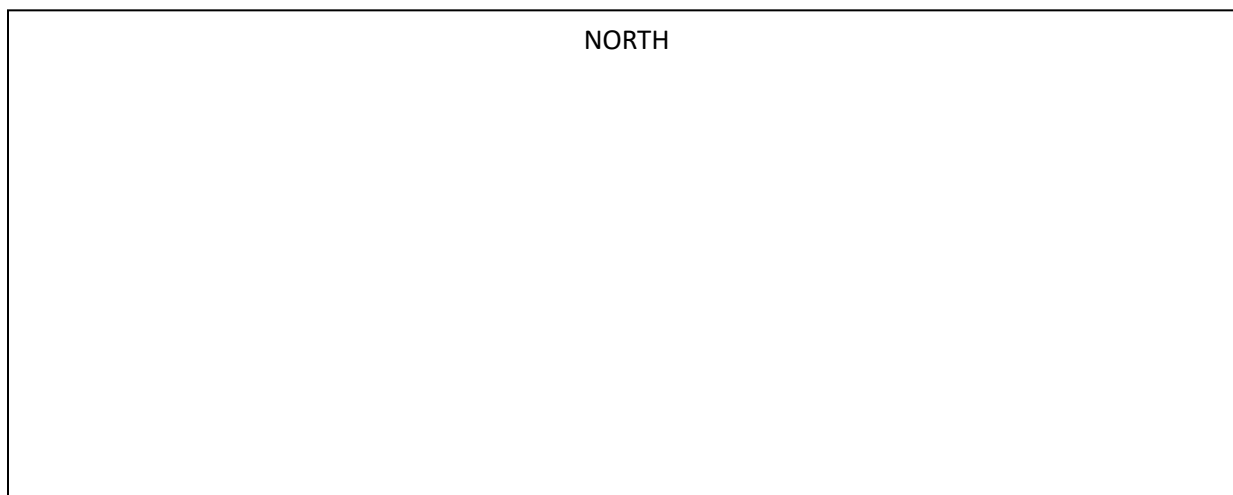

Proposed Width of Driveway _____ feet Approximate maximum slope _____ %

Proposed Use of Driveway _____ (residential/commercial)

When standing at the end of the proposed driveway, can you see **200'** in each direction? Yes / No

Can Large Emergency Vehicles safely reach your dwelling (snow/ice)? Yes / No

DRAW DIAGRAM: Draw diagram of Town road and proposed driveway location; include approximate locations from nearest intersections, hills, other driveways, etc. (A picture from Google Earth can assist in detailing the specifics of the proposed driveway.)

- The Town Board or its representative will determine if a culvert is needed, where it is placed, and size (minimum of 15 inches in diameter). The applicant will be responsible for the purchase of the culvert if needed.

- The following specifications shall apply from the Town’s roadway surface to the edge of the Town’s right-of-way (usually 33’ from the roadway centerline):
 - Minimum driveway surface width.....16 feet
 - Minimum width clearance.....24 feet
 - Minimum height clearance free of trees, wires, etc.....16 feet
 - Minimum length of culvert.....30 feet (residential)/40 feet (agricultural)
 - All driveways shall be constructed at a maximum slope of 5% to the edge of the Town’s right-of-way, and a slight depression shall be constructed across the drive so as to ensure that drainage and debris not be discharged to the Town roadway.

- All driveways must be installed and maintained in accordance with Town of LaGrange specifications listed in Section VII of Ordinance #100-10.

- The property owner shall be held liable for any and all damages to town property, including roads, due to construction by property owner or property owner’s contractor/subcontractor as a result of issuance of this permit.
