Formica/Estate/Essex ARIP Engineer Update Call – Jay was not available, but Brendan gave an update. Jay received a letter from the railroad saying that everything is good to go. Al will need to sign this and return. The Public Outreach meeting is scheduled for Thursday, Nov. 13th from 6:00-8:00pm. We have an approved offer on a few Right of Way easements. Also working on getting some construction easements taken care of. Jay Carmichael is working on getting the paperwork completed for this. Because of all the wetlands, we are going to have to “buy” into the Wetland Bank. This has a very significant cost. We will get more information on this next week.

Status Check on Road Projects

Cody will be taking the new truck back to Universal to get the toolboxes fixed. There was a short discussion about Paul needing a few days off before the end of the year. Cody will see if Dave or Fred will pick up those hours.

There was a discussion about contacting the other townships about who is plowing what “stub” roads this year. Cody will take care of this.
